

## Livestock Loss Board Goals and Objectives

Develop a compensation framework that integrates with the overall Montana wolf program.

Develop an incentive program that integrates with the overall Montana wolf program.

Recognize the importance of economic viability and sustainability of individual livestock operators in Montana.

Recognize the complex interactions between livestock and wolves.

Seek a broad range of funding sources to meet the needs to provide long-term, viable "compensation" solutions.

Work with federal and state agencies to develop a broad spectrum of options to reduce conflicts and potential depredations.
